SENATOR BROMM: Thank you, Mr. President. I'm...I always forget about these A bills and I'm...I don't have my...I'm trying to look at it on the screen so I am sure that I am describing it correctly to you. This A bill now follows the last fiscal note that you will find on your machine or in your books, and that being to appropriate \$303,500 from...from cash funds with respect to the additional salary costs of the carrier enforcement, and those are the vacancy savings; and \$60,000 from federal funds, which are the Motor Carrier Safety funds that I mentioned, for the next year, and the same amount for the following year. So that is the way we have described in the bill that these would be...that these would be financed.
